

Co-Designing for Future Learning

Title:

Co-Designing for Future Learning

Target Group:

Experienced teachers and innovators

Short Description/Teaser

This short course will provide you with inspiration, exchange, challenges and collaboration for future learning, and give you on international co-design experience

How:

Working online and off-line on building learning and innovation networks

Why:

Bring about change in your own practice and work with colleagues from other partner organisations.

Learning outcomes:

At the end of the course you will be able to:

1. design a module in higher professional education using innovative methods
2. analyse co-design opportunities from a systematic perspective
3. identify opportunities and barriers in designing educational activities

Assessment

Negotiated choice of media, co-assessment

Time:

Light-weight online phase between January and June, culminating in an intensive synchronous design experience in June
